HOLOVISION

VIKING VERSION

- High performance option utilizing Viking products
- Half-duplex communication system. "VOX" (voice operated switching) automatically shuts off mic when someone in the house speaks. This means is that the speaker and microphone are never on simultaneously
- **High volume at both ends!**
- Both the speaker and the microphone can be turned up to a high volume - without any possibility of feedback
- Plugs into an unused CO port on a KSU (W-1000), an analog extension (E-10), or a Viking Door controller
- Viking C-1000 or C-2000 door controllers (priced separately) is recommended for gate control with KSU system
- **Viking door intercoms are tested for distances up to 6300'**

- Viking door controllers are *REQUIRED* if the intercom system is used *WITHOUT* a KSU
- Viking door controllers are *NOT REQUIRED* on systems *WITH* KSU
- Viking door controllers are *RECOMMENDED* for gate control on systems *WITH* KSU

MADE IN USA

NEW for Panasonic KSUs

The Viking PAN-1 will allow a Viking "E" series speaker phone (E-10, E-40, and others in the "E" series) to be a direct replacement for a Panasonic KX-T30865 doorphone. The PAN-1 plugs directly into the Panasonic door phone card. All of the usual Panasonic programming options and features apply.

Controller	No. of Door Stations	Compatible Door Stations	Features
C-1000 (Holo P/N 9500)	2	W-1000	Door release, auxiliary contact, can be used w/o CO line
